Mission Moment

In Mwanyesha, Malawi, Vincent Ng'ambi lives with his wife and five children. They previously struggled in a leaking thatched house and faced food shortages. After joining the Lupembe food security project [Improving food security in Lupembe | Canadian Foodgrains Bank](#), supported by *Presbyterian World Service & Development (PWS&D)*, they received training in climate-smart agriculture, self-help groups and household visioning. The training helped increase their maize production, enabling them to build a safe home. "We are grateful and proud. Thanks to household visioning, we dreamed bigger and set goals. Our new brick house with iron sheets symbolizes our hard work and a better future. We'll live in it and finish with cement flooring and windows next year," Vincent shared with tears. This project is an initiative of *PWS&D*'s partner, the Synod of Livingstonia Development Department.
